YOUR
ADVENTURE**

INTO TECH AND GAMING?

You tend to spend most of your time in the digital world.

Coding and technical jargon doesn't scare you, in fact you enjoy figuring out smarter ways to make things work.

We're looking for analytical problem solvers who want to make an impact by keeping operations running smoothly and finding innovative solutions.

Ready to change the world from behind a screen?

Job Role

- Business Analyst / Data Scientist
 - Digital Technology Specialist
 - IROC Controller Technician
 - Automation Engineer/
Mechatronic Engineer

ADVENTURE**

RATHER BE WORKING ON THE TOOLS?

Exams and essays aren't your thing – you learn by doing.

You don't want to be stuck behind a screen or buried in paperwork; you enjoy finding practical solutions, getting hands-on and seeing the results of your work.

We're looking for problem solvers who can think on their feet, are eager to develop their skills, and aren't afraid to roll up their sleeves.

Ready to put skills into action?

Job Role

- Electrician / Auto Electrician
 - Diesel Mechanic
 - Fitter
 - Boilermaker
 - Plant Mechanic

LOVE BIG MACHINES?

NSW MINING | CAREERS

**CHOOSE
YOUR
ADVENTURE**

LOVE BIG MACHINES?

You're drawn to adventure and excitement.

You're confident in unfamiliar situations and understand that with big opportunities comes big responsibility. You stay focused, calm under pressure, and switched on when it matters most.

We're looking for team players who can be the boots on the ground and help keep the operations running safely and smoothly.

Ready to step into the driver's seat?

Job Role

- Truck Driver
 - Drill & Blast Operator
 - Plant Operator

INTRIGUED BY HOW THINGS WORK?

NSW MINING | CAREERS

**CHOOSE
YOUR
ADVENTURE**

INTRIGUED BY HOW THINGS WORK?

You're a realist.

You see things how they are, but you aren't afraid to explore why that is. Your investigative and systematic nature means you love to create order out of chaos and are proactive in your solutions.

We're looking for resourceful, practical and hands-on problem solvers who can be the "heart" of the site operations.

Ready to take on new challenges?

Job Role

- Chemical Engineer
 - Electrical Engineer
 - Mechanical Engineer
 - Process Engineer
-

ENGINEERING – PLANNING – SURVEYING

LIKE PLANNING AND DESIGNING THINGS?

NSW MINING | CAREERS

**CHOOSE
YOUR
ADVENTURE**

LIKE PLANNING AND DESIGNING THINGS?

You don't rush decisions; you think them through.

You tend to be more rational, logical and methodical in your problem solving. People trust you because you're reliable, responsible, and you like knowing things are done properly.

We're looking for enterprising thinkers, practical problem solvers, and strategic planners who are ready to turn ideas into real world outcomes.

Ready to take things to new heights?

Job Role

- Mining Engineer
 - Mine Surveyor / Drone Operator
 - Geotechnical Engineer
-

ADVENTURE**

FASCINATED BY THE WORLD AROUND YOU?

If there's a puzzle, pattern or a mystery, you're on it.

You love experimenting, digging deeper, and figuring out how stuff actually works. You want a career that keeps you curious and on your toes.

We're looking for people who ask the questions, notice the details, and aren't afraid to get hands-on to find the answers.

Ready to make discoveries?

Job Role

- Lab Technician
 - Geologist
 - Metallurgist

A PEOPLE PERSON?

NSW MINING | CAREERS

**CHOOSE
YOUR
ADVENTURE**

A PEOPLE PERSON?

You're an extrovert with a big heart.

You don't want to just see change happen – you want to make it, shape it, and tell everyone about it. You thrive in conversations, love bringing people together, and can spot solutions where others see problems.

We're looking for confident communicators, collaborators, and negotiators who can build relationships, inspire action and help our community grow stronger.

Ready to be the voice that connects people?

Job Role

- Aboriginal Cultural Heritage
 - Community Engagement Officer
 - Marketing/Sales
 - Communications/Media Team
-
